MEMORANDUM FOR: Acting Director of Central Intelligence

FROM: Chief, Interdepartmental Affairs Staff, OPP

SUBJECT: Breakfast Meeting with SecDef/DepSecDef []

25X1

1. As I mentioned to you earlier today, Mr. Carlucci requested that the following topics be put on tomorrow's agenda:

--Terrorism - He has in mind a general discussion of the threat to U.S. personnel and of what more intelligence might be able to do in attempts to counter such actions. DDO concludes that what we need is more expertise in order to improve our reporting, exploitation, and analysis. This is not very creative, but the DDO points out some of the dilemmas in our efforts to warn of and expose terrorist intentions.

25X1

--Morocco - Mr. Carlucci apparently wants to discuss the status of our efforts to support Morocco in light of the recent confirmation of SA-6 deployments. DDO and NFAC have provided inputs on the Moroccan situation.

--Libya - He probably intends to explore possible next moves following the withdrawal of U.S. oil personnel and in light of recent reporting on Qadhafi's efforts to cool down the situation. The DDO, NIC and NFAC are skeptical that Qadhafi has totally abandoned terrorist activity, though they tend to believe that he is shaken by U.S. actions thus far. DDO is attempting to substantiate this reporting. []

2. Per your request, two items have been added to the agenda:

25X1

--Poland [] evidence of Polish Army participation in crackdowns on strikers. The Task Force has provided responses to this and your other two questions.) []

3. Bob Gates informed me that Secretary Weinberger plans to raise the issue of alternative gas pipelines for Europe. His staff is apparently not witting. In any case, included for your information and possible use, should Weinberger raise it, is an NFAC assessment of the various alternatives. []
